Some more from a friend who works in marketing:

Jim Scott WCKM Radio in Glens Falls - does lots of local news. 761-9890,
news@radiowins.com - give him a call and pitch your issue and have someone
ready to do an interview. Time the call with and "event"... town meeting,
citizens group meeting, rally, etc.

YNN Time Warner Cable News - Matt Hunter is the North Country Bureau Chief.
Again, would need to time contacting him with an event as they really like
to get video for everything they run on that station. (cell) 505-5586,
matthew.hunter@ynn.com

Fox 23 News - 862-2323, news@fox23news.com Again, call and ask for
assignment desk and you'll have more luck with an event... stage a rally or
something.

Channel 10 - news@wten.com

Channel 6 - news@wrgb.com

Channel 13 - Mark Mulholland, 580-0713, mmulholland@wnyt.com

WAMC - Public Radio - Pat Bradley is North Country Reporter, she might be
sympathetic and worth a call to chat. She is very nice and easy to talk to
(unlike lots of media type folks). 563-0572, pbradley@wamc.org

Country Folks - if you write something intelligible and send it to them, they will probably run it. They
usually run stuff word-for-word... they don't usually write their own stuff. You will have to gear what
you write to a broader (state-wide) audience. jkarkwren@leepub.com

The Eagle - Cambridge weekly - they will run most of what you send to them
as well. Eaglenews@gmail.com

Eco Local Guide - David Delozier - An every other month magazine. He is always looking for content. 587-2296, david@ecolocalguide.com. He probably has an issue coming out in the next week, so would be worth a call soon.

Lakes Region Radio - independent station out of Poultney VT, but covering most of Washington County too. They love local interest interviews... give them a call with your pitch and you will probably get on. (802) 345-2830.

Times Union - Ken Crowe, I think is the guy you'd want to speak with if he is still there. 581-7652, kcrowe@timesunion.com
